ILLUSTRATIVE WORK RECORD

One priority. One next decision.

02 / What happened this period

Proposed task	Confirm the approved service-area wording.
Observation to investigate	Does an answer use the business's approved service-area wording? This is an example question, not an established defect.
Required source	The approved business information and the original answer. No source has been verified for this illustrative task.
Owner / status	Business approver / awaiting information.
Publication record	None. No public correction has been approved, published or marked complete.
Next check	After any approved public update, record the source URL and date, then check a later answer separately.

03 / What happens next

Confirm the business facts or tell us your priority has changed. Retain the same question scope unless a change is agreed.

Work ownership

Website implementation remains with the business or its agency unless separately scoped. Website builds, ongoing content production and PR are not automatically included in the AEO plan.
